The Federal Democratic Republic of Nepal, acting through the Ministry of Finance (the “Government”) and the United States of America, acting through the Millennium Challenge Corporation (“MCC”), entered into a Millennium Challenge Compact on 14 September 2017 for a grant of USD 500 million to which, the Government will contribute USD 197 million for a program to reduce poverty through economic growth in Nepal, and intends to apply part of the proceeds toward payments under the contract to be awarded for **“Consultancy Services for Road Management Firm Technical Assistance”**:

MCC’s funding is appropriated by the U.S. Congress and obligated to the compact up-front, with no incremental or partial funding. So, when a contract is signed with an Accountable Entity, money is already available to the Accountable Entity and, for most contracts, invoices are paid directly to Offerors by the US Treasury. MCA-Nepal now invites offers from eligible offerors for the “Consultancy Services for Road Management Firm Technical Assistance”.

The procurement will be conducted as per the **Quality and Cost-Based Selection (QCBS)** method specified in the Accountable Entity Procurement Policy and Guidelines (PPG) available on www.mcanp.org and is open to all eligible consultants as defined in the PPG.
