Master of Business Administration (Business Analytics)

With the growing importance of Business Analytics, there is an increased demand for talent to analyse and demystify data. The Post Graduate Programme in Business Analytics is a 24-month, full-time programme, designed to give you the tools and techniques to become an expert in this evolving, highly demanding field. It is structured to enable students to define business and social challenges, use analytical tools and techniques to identify patterns, gain insights, develop business strategies, and make sound management decisions. It provides an overview of management disciplines and an in-depth understanding of Data Science.

The programme offers Core and Elective courses.

- Core courses are compulsory courses offered in the first year and the second year.
- Elective courses are offered in the second year, where students get the opportunity to choose from a basket of multidisciplinary courses, and courses with functional depth in Analytics.

IIMB – where the world is your classroom

Established in 1973, Indian Institute of Management Bangalore (IIMB) is widely acknowledged as a premier management institute in India, with an international reputation for the quality of its Post Graduate and Doctoral programmes.

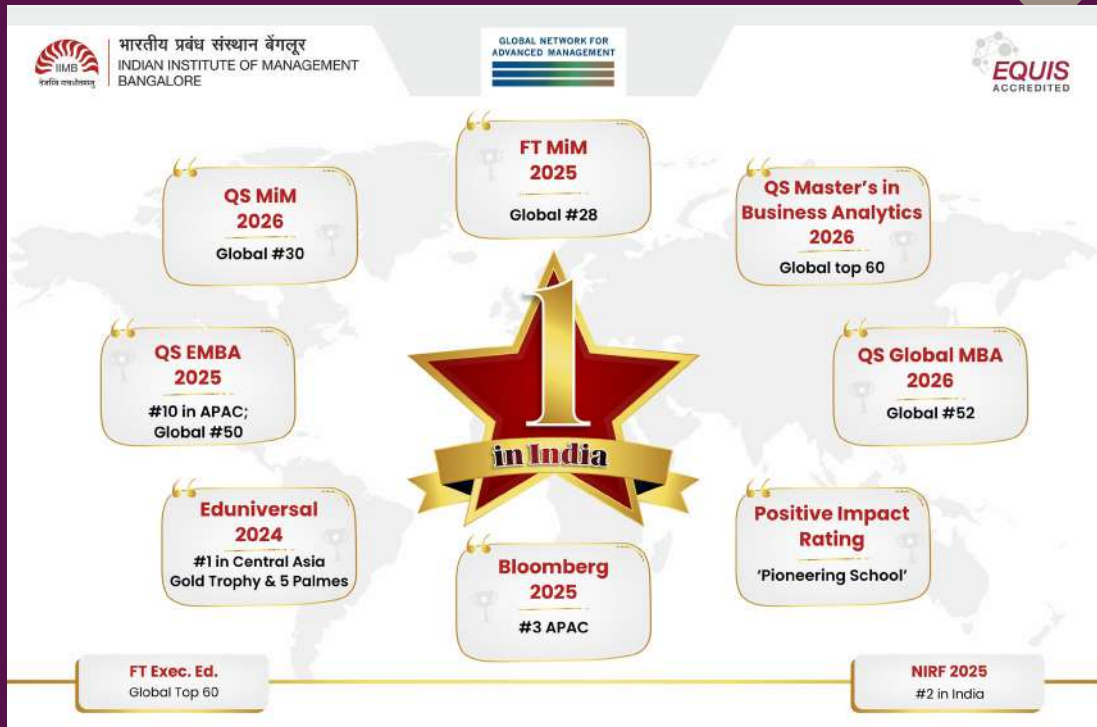

IIMB is renowned for the excellence of its faculty who have studied and taught at some of the best universities in India and abroad. Their research regularly appears in leading publications and academic journals around the world. They bring vast industry, consulting and academic experience into the classroom, making for a unique and stimulating learning environment.

IIMB occupies a verdant 100-acre campus in the south Bangalore, with striking all-stone architecture, landscaped gardens, and world-class infrastructure. Its location in India's high technology capital puts it in close proximity to some of the leading corporations in the country, giving students the opportunity to integrate classroom knowledge with extensive industry interactions.

VISION

To be a global, renowned academic institution fostering excellence in management, innovation and entrepreneurship for business, government and society

Rankings

India's City of Promise – Bangalore

One of Asia's fastest growing cities, Bangalore regularly tops the list of the best places to live in India. Called the 'Silicon Valley of India', Bangalore attracts people from every part of the world. It is home to some of the top MNCs and is a key driver of India's economic growth. Bangalore has marked a place for itself on the global business map.

It is a new age city that has retained its old-world charm. Bangalore enjoys pleasant weather throughout the year. In summer, temperatures range between 36°C and 20°C, while in winter, temperatures are between 27°C and 12°C.

It is the harmony with which the city accommodates contrasting cultures that makes the Bangalore experience truly unique.
